

NORTH AMERICAN MAPLE SYRUP COUNCIL (NAMSC) CONFERENCE 2026

“On the Northern Edge”

October 19-23, 2026

Quattro Hotel
Sault Ste. Marie, ON Canada

The 2026 **North American Maple Syrup Council (NAMSC) Conference** debuts in Northern Ontario, Canada. Hosted by the **Ontario Maple Syrup Producers Association (OMSPA)** and the **Algoma Association (AMSPA)**, supported by the **Sault Ste. Marie Innovation Centre (SSMIC)**. The conference will showcase the rich maple syrup heritage, innovation, and research that define Northern Ontario and the Algoma region.

The 2026 conference is expected to welcome 200+ participants, representing a wide cross-section of the maple syrup industry: producers from across North America, equipment manufacturers, researchers and academics, Indigenous maple producers, post-secondary students, and leaders from the tourism and agri-food sectors.

Visit www.NAMSC2026.ca or contact info@NAMSC2026.ca for more information.

OCT
21-23

NAMSC CONFERENCE

Conference will feature equipment manufacturers, practical/technical sessions, researchers, academics, and leaders from the tourism and agri-food sectors. Great opportunity for vendors to access new Canadian markets.

OCT
21

REGIONAL MAPLE TOURS/TASTE OF ALGOMA DINNER

Guided bus tour with visits to local operations, including Ontario's largest maple syrup producer and other sugar bushes in the Algoma region, one of Canada's top areas for future maple syrup production growth. The day will end with a signature culinary event featuring a locally inspired menu that celebrates flavours and producers from the Algoma region.

OCT
19-20

INTERNATIONAL MAPLE SYRUP GRADING SCHOOL

A hands-on training program certifying up to 30 producers in flavour-defect identification, syrup evaluation, and quality assurance best practices.
